

# Corso di aggiornamento CLIL

Il corso si rivolge agli insegnanti che desiderano apprendere tecniche e metodologie pratiche che permettano loro di insegnare la loro materia utilizzando l'inglese come mezzo di comunicazione, permettendo agli studenti di migliorare le loro competenze linguistiche e contenutistiche della materia di riferimento.

Il corso introduce le nozioni che stanno alla base dell'insegnamento e dell'apprendimento delle lingue straniere: l'acquisizione linguistica, i metodi comunicativi e le teorie alla base del CLIL
